

STEM Nova Awards

Discover STEM – *while Scouting!*

- **Science, Technology, Engineering, and Math** have always been a part of the scouting adventure – it started in the first Handbook.
 - Measure distances, nature, stars, animals, and compass design!
- Career exploration and connecting with new opportunities.
 - The U.S. is in need for so many more STEM professionals.
- Easy to incorporate into existing program and outdoor adventures – at all age levels!
 - BSA has developed all materials and resources needed.
 - Training materials are available.
 - So much already exists in the Scout Handbook and other scouting resources!
